

Fair Trade Judaica

Crafted with Jewish Values

Vision Statement

We envision a world in which Jewish consumers recognize fair trade as an expression of core Jewish values, seek out fair trade Judaica products, and use their purchasing power to support thriving communities of artisans around the world.

What We Do

- Provide clearinghouse for Fair Trade Judaica (<http://www.fairtradejudaica.org>), including educational and outreach resources and links to retail options for purchasing fair trade Judaica products

- Introduce fair trade products to Judaica, synagogue and fair trade retailers
- Design new products and provide technical assistance to fair trade producers and wholesalers to assure appropriate Judaica content
